04/28/2005

It was another record-setting year for e-File. Arizona has accepted 970,418 electronically filed returns a 18% increase from last year.

---

73% of all electronically filed returns were submitted by EROs, compared to 71% last year. Thanks for making this year such a success.

---

Our annual ERO survey is now available at  
<http://www.azdor.gov/aspforms/efilesurveyERO.asp>

The on-line survey takes only a few minutes to complete so we hope you will tell us how we are doing! Your participation helps to improve our product and services.

---

Electronic filing is available throughout the extension period – October 15th.

---

When using a **federal extension** be sure to mark the extension field on the Arizona return. This will avoid problems during the processing cycle and correspondence from the department.

---

Need help with a client's refund, billings, and/or payment, call the **Tax Practitioner Hotline** at 602-542-2132. A signed Power of Attorney may be needed before specific information can be discussed with you.
